I. HOW TO ORDER GUIDE

THROUGH THE SEWP CUSTOM USER PURCHASING AGREEMENT (CUPA)

A) REQUESTING A QUOTE

To ensure proper ordering, software download, set-up, installation and orientation, it is required that eligible users communicate their requirements to TKCIS for a formal quotation within the scope of this CUPA. This will ensure that the customer receives the license pricing and associated maintenance support that is required. For all questions, quote requests and inquiries, the point of contact for this CUPA is:

TKCIS DOE CUPA POINTS OF CONTACT:

CUPA FEDERAL POINT OF CONTACT

Name: Don Schade, Procurement Advisor
Office of the Chief Information Officer, OCIO
Phone: 301-903-2294
DOE-Germantown MD
Email: Don.Schade@hq.doe.gov

CUPA DOE CONTRACT SUPPORT POINTS OF CONTACT

Name: Sue Dudek / Alicia Foster
Enterprise Wide Agreement (EWA) Program
Phone: 202-586-4881 / 202-586-9113
Support to IT Corporate Management, IM-10 Office of the Chief Information Officer
Email: Sue.Dudek@hq.doe.gov
Alicia.Foster@hq.doe.gov

B) PREPARING CUPA PURCHASE REQUEST

DOE contractors as well as DOE Federal organizations are authorized users, the ordering organization shall contact one of TKCIS's points of contact for a quotation. Orders may be paper or electronic; purchase/ credit card orders which conform to regulations for those programs, and to the NASA SEWP rules at www.nasa.sewp.gov for acceptance by TKCIS. All orders must include identification of the ordering activity, its payment instructions, and specifics of all products/ prices ordered, which information will be provided on the TKCIS quotation. If the ordering organization must also include a delivery order in its specific format, this may be submitted in addition to the quotation/Sales Agreement, provided that pricing reflected in the delivery order matches that of the pricing on the TKCIS quotation.

C) SUBMITTING ORDER TO DOE CUPA PM

Name and phone number of end-user representative or Contracting Officer's Technical Representative (COTR), including e-mail address:

- End user identification (name, phone, address)
- Contract line item number (CLIN) of each desired product or service
- Description of CLIN
- Required number of units
- Unit and extended price
- Copy of the original quote

ADDRESS:

TKC Integration Services, LLC
13873 Park Center Road
Suite 400N
Herndon, Virginia 20171

CAGE CODE#: 3NBK4

DUNS#: 141089040

TIN#: 80-00843341

II. ABOUT TKCIS

TKC Integration Services, LLC (“TKCIS”) was founded on the tenets of honesty, integrity, hard work, professionalism and providing our clients with best value IT hardware products, software and solutions.

As a small disadvantaged Alaska Native Corporation (ANC), TKCIS provides a broad spectrum of IT enterprise technology products and solution services to federal government civilian and DoD clientele, through its eight offices and 120+ employees nationwide.

TKCIS works closely to establish a winning partnership with government executives, program managers and contracting officers to clarify your hardware and information system requirements to meet your critical mission requirements.

At TKCIS, we direct your efforts with a dedicated program management and integration services team who have significant experience and understanding of the unique needs of both federal government civilian and DoD government agency procurements. From initial sale our program managers provide the right skills and expertise necessary for cost effective delivery of your hardware and software products, including integration services, on-going support, maintenance and training.

TKCIS through our dedicated program management team, provides the in-depth product knowledge and understanding necessary to maximize your organization’s requirement support objectives.

TKCIS’s parent company, NANA Development Corporation, has over 45 companies with a total of over 7,500 employees and \$1,000,000,000 in annual revenues.

E) ORDERING

To ensure proper ordering, software download, set-up, installation and orientation, it is required that eligible users communicate their requirements to TKCIS for a formal quotation within the scope of this CUPA. This will ensure that the customer receives the license pricing and associated maintenance support that is required. For all questions, quote requests and inquiries, the point of contact for this CUPA are referenced above.

IMPORTANT NOTE: This CUPA does not utilize a serial number ordering process. Authorized users are not required to obtain any delivery order serial number prior to placement of the order. TKCIS will send the authorized DOE Point of Contact in each ordering organization any necessary license agreement which must be executed.

ORDER FORMAT/FORMS/CONTENT

Since DOE contractors as well as DOE Federal organizations are authorized users, the ordering organization shall contact one of the TKCIS focal point personnel for a quotation. Orders may be on paper or electronic, purchase/credit card orders which confirm to regulations for those programs, and to the NASA SEWP rules at www.nasa.sewp.gov for acceptance by TKCIS. All orders must include identification of the ordering activity, its payment instructions, and specifics of all products/prices ordered, which information will be provided on the TKCIS quotation. If the ordering organization must also include a delivery order in its specific format, this may be submitted in addition to the quotation/Sales Agreement, provided that pricing reflected in the delivery order matches that of the pricing of the TKCIS quotation.

III. ABOUT THE DOE CUPA

The Custom User Purchasing Agreement (CUPA) is a blanket purchasing agreement established using the NASA SEWP IV contract and is available to DOE personnel and contractors. Both DOE Federal and contractor organizations have been users of McAfee proprietary software for many years, and the Department possesses a significant current installed base of the software which this CUPA will support. The software is used for Information Technology security purposes.

SUPPORT – Maintenance support is included with the annual subscription license, as provided by the Original Equipment Manufacturer, McAfee.

Qualification Requirements – There are no minimum initial order requirements.

F) TERM OF CUPA

The period of performance is December 5, 2008-December 4, 2011, three years. There are no option periods; the period of performance is unitary. The continued availability of this CUPA is contingent upon TKCIS's maintenance/renewal of the parent NASA SEWP contract. If the parent contract lapses, this CUPA automatically lapses on the same date.

G) AUTHORIZED USERS

All DOE Federal organizations, including the National Laboratories and Power Administrations, and all DOE contractors, including Management and Operating (M&O) contractors, are eligible to place Delivery Orders (NASA SEWP term, replacing 'call' for BPA's) under the CUPA. For contractors, authorization to use this CUPA is required from the contractor's cognizant Contracting Officer, in accordance with FAR Part 51. Use of this CUPA is limited to DOE Federal organizations and contractors only; no other Federal agencies may use it. In conformance with DOE regulations prohibiting use of DOE contractor acquisition systems to circumvent Federal acquisition laws and regulations, DOE contractors (including the M&O's) may not utilize this CUPA to acquire assets which are to be used by DOE Federal organizations; they may utilize this CUPA for use in performance of the requirements of their DOE contracts only.

H) ONLINE INFORMATION

Online contract and ordering information can be found at www.tkcis.com/DOE BPA under agency contracts.

IV ABOUT SEWP

SUPPLEMENTAL TERMS AND CONDITIONS

All delivery orders placed against this CUPA are subject to the terms and conditions of the NASA SEWP contract. In the event of a conflict between the terms of this CUPA and those of the NASA SEWP contract, or any other Federal law or regulation, the terms of the NASA SEWP contract and/or the Federal law or regulation shall prevail. In the event of a conflict between the terms and conditions of this CUPA or the parent NASA SEWP contract and those of any Authorized User, the terms and conditions of this CUPA and its parent contract shall prevail. License terms and conditions applicable to products and/or services acquired under this CUPA are set forth in the License Agreement and NASA SEWP rules at <http://www.nasa.sewp.gov>.

V. LICENSING

End User License Agreement

NOTICE TO ALL USERS: PLEASE READ THIS CONTRACT CAREFULLY. BY CLICKING THE ACCEPT BUTTON OR INSTALLING THE SOFTWARE, YOU (EITHER AN INDIVIDUAL OR A SINGLE ENTITY) AGREE THAT THIS AGREEMENT IS ENFORCEABLE LIKE ANY WRITTEN CONTRACT SIGNED BY YOU. IF YOU DO NOT AGREE TO ALL THE TERMS OF THIS AGREEMENT, CLICK ON THE BUTTON THAT INDICATES THAT YOU DO NOT ACCEPT THE TERMS OF THIS CONTRACT AND DO NOT INSTALL THE SOFTWARE.

1. Definitions.

- a. "Software" means (a) all of the contents of the files, disk(s), CD-ROM(s) or other media (including electronic media) with which this Agreement is provided or such contents as are hosted by McAfee or its distributors, resellers, OEM/MSP partners, or other business partners (collectively "Authorized Partner(s)"), including but not limited to (i) McAfee or third party computer information or software; (ii) related explanatory materials in printed, electronic, or online form ("Documentation"); and (b) upgrades, modified or subsequent versions and updates including any virus or vulnerability updates (collectively "Updates"), and Software, if any, licensed to you by McAfee or an Authorized Partner as part of a maintenance contract or service subscription.
- b. "Use" or "Using" means to access, install, download, copy or otherwise benefit from using the Software.
- c. "Permitted Number" means one (1) unless otherwise indicated under a valid license (e.g., volume license) granted by McAfee.
- d. "Computer" means a device that accepts information in digital or similar form and manipulates it for a specific result based upon a sequence of instructions.
- e. "McAfee" means (a) McAfee, Inc., a Delaware corporation, with offices located at 3965 Freedom Circle, Santa Clara, California 95054, USA if the Software is purchased in the United States, Mexico, Central America, South America, or the Caribbean; (b) McAfee Ireland Limited, with offices located at 11 Eastgate Business Park, Little Island, Cork, Ireland if the Software is purchased in Canada, Europe, the Middle East, Africa, Asia, or the Pacific Rim; and (c) McAfee Co., Ltd. with offices located at Shibuya Mark City West Building 12-1, Dogenzaka 1-Chrome, Shibuya-ku, Tokyo 150-0043, Japan if the Software is purchased in Japan.

2. License Grant. Subject to the payment of the applicable license fees, and subject to the terms and conditions of this Agreement, McAfee hereby grants to you a non-exclusive, non-transferable license to Use the Software subject to any restrictions or usage terms specified on the applicable price list, purchase agreement, and product packaging included as part of the Documentation. Some third party materials included in the Software may be subject to other terms and conditions, which are typically found in a "Read Me" file or "About" file in the Software.

3. Term. This Agreement is effective for the term set forth in the purchase order issued by you and which is accepted by McAfee or, alternatively, as set forth in the product order form issued by McAfee (the "Term"). If you issue a purchase order to an Authorized Partner and the terms and conditions as set forth in the license grant letter issued by McAfee or included in the Documentation conflicts with the terms and conditions included in the purchase order, then the terms and conditions specified in the grant letter or Documentation shall control. If no Term is included in the above described materials, then the Term shall be for two (2) years from the date of purchase, unless earlier terminated as set forth herein. This Agreement will terminate automatically if you fail to comply with any of the limitations or other requirements described herein. Upon any termination or expiration of this Agreement, you must cease use of the Software and destroy all copies of the Software and the Documentation.

4. Updates. This license is limited to the version of the Software delivered by McAfee and does not include Updates, unless a separate maintenance contract is purchased or, alternatively, you have purchased a service subscription that entitles you to Updates as described in the Documentation. After the specified maintenance period or service subscription period has expired, you have no further rights to receive any Updates without purchase of a new license to the Software.

5. Ownership Rights. The Software is protected by United States' and other copyright laws, international treaty provisions and other applicable laws in the country in which it is being used. McAfee and its suppliers own and retain all right, title and interest in and to the Software, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein. Your possession, installation, or use of the Software does not transfer to you any title to the intellectual property in the Software, and you will not acquire any rights to the Software except as expressly set forth in this Agreement. Any copy of the Software and Documentation authorized to be made hereunder must contain the same proprietary notices that appear on and in the Software and Documentation.

6. Multiple Environment Software/Multiple Language Software/Dual Media Software/Multiple Copies/Bundles/Updates. If the Software supports multiple platforms or languages, if you receive the Software on multiple media, if you otherwise receive multiple copies of the Software, or if you receive the Software bundled with other software, the total number of your Computers on which all versions of the Software is installed may not exceed the Permitted Number. If the Software is an Update to a

previous version of the Software, you must possess a valid license to such previous version in order to Use the Update. You may continue to Use the previous version of the Software on your Computer after you receive the Update to assist you in the transition to the Update, provided that the Update and the previous version are installed on the same Computer; the previous version or copies thereof are not transferred to another Computer unless all copies of the Update are also transferred to such Computer, and you acknowledge that any obligation McAfee may have to support the previous version of the Software ends upon availability of the Update.

7. Evaluation Product Additional Terms. If the product you have received with this license has been identified as "Evaluation" Software or "Beta" Software, then the provisions of this section apply. To the extent that any provision in this section is in conflict with any other term or condition in this Agreement, this section shall supercede such other term(s) and condition(s) with respect to the Evaluation or Beta Software, but only to the extent necessary to resolve the conflict. You acknowledge that the Evaluation or Beta Software may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, Evaluation or Beta Software is provided to you "AS-IS", and McAfee disclaims any warranty or liability obligations to you of any kind. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, MCAFEE'S LIABILITY AND THAT OF ITS SUPPLIERS AND AUTHORIZED PARTNERS SHALL BE LIMITED TO THE SUM OF FIFTY DOLLARS (U.S. \$50) IN TOTAL. You acknowledge that McAfee has not promised or guaranteed to you that Beta Software will be announced or made available to anyone in the future that McAfee has no express or implied obligation to you to announce or introduce the Beta Software, and that McAfee may not introduce a product similar to or compatible with the Beta Software. Accordingly, you acknowledge that any research or development that you perform regarding the Beta Software or any product associated with the Beta Software is done entirely at your own risk. During the term of this Agreement, if requested by McAfee, you will provide feedback to McAfee regarding testing and use of the Beta Software, including error or bug reports; you agree to grant McAfee a perpetual, non-exclusive, royalty-free, worldwide license to use, copy, distribute, make derivative works and incorporate the feedback into any McAfee product at McAfee's sole discretion. If you have been provided the Beta Software pursuant to a separate written agreement, your use of the Beta Software is also governed by such agreement. Upon receipt of a later unreleased version of the Beta Software or release by McAfee of a publicly released commercial version of the Beta Software, whether as a stand-alone product or as part of a larger product, you agree to return or destroy all earlier Beta Software received from McAfee and to abide by the terms of the End User License Agreement for any such later versions of the Beta Software. Your Use of the Evaluation or Beta Software is limited to 30 days unless otherwise agreed to in writing by McAfee.

8. Restrictions. You may not sell, lease, license, rent, loan, resell or otherwise transfer, with or without consideration, the Software. If you enter into a contract with a third party in which the third party manages your information technology resources ("Managing Party"), you may transfer all your rights to Use the Software to such Managing Party, provided that (a) the Managing Party only Uses the Software for your internal operations and not for the benefit of another third party; (b) the Managing Party agrees to comply with the terms and conditions of this Agreement, and (c) you provide McAfee with written notice that a Managing Party will be Using the Software on your behalf. You may not permit third parties to benefit from the use or functionality of the Software via a timesharing, service bureau or other arrangement. You may not reverse engineer, decompile, or disassemble the Software, except to the extent the foregoing restriction is expressly prohibited by applicable law. You may not modify, or create derivative works based upon, the Software in whole or in part. You may not copy the Software or Documentation except as expressly permitted in Section 1 above. You may not remove any proprietary notices or labels on the Software. All rights not expressly set forth hereunder are reserved by McAfee.

9. Warranty and Disclaimer.

a. Limited Warranty. McAfee warrants that for sixty (60) days from the date of original purchase the media (e.g., CD ROM), if any, on which the Software is contained and provided to you will be free from defects in materials and workmanship.

b. Customer Remedies. McAfee's and its suppliers' entire liability and your exclusive remedy for any breach of the foregoing warranty shall be, at McAfee's option, either (i) return of the purchase price you paid for the license, or (ii) replacement of the defective media in which the Software is contained. You must return the defective media to McAfee at your expense with a copy of your receipt. This limited warranty is void if the defect has resulted from accident, abuse, or misapplication. Any replacement media will be warranted for the remainder of the original warranty period. Outside the United States, this remedy is not available to the extent McAfee is subject to restrictions under United States export control laws and regulations.

c. Warranty Disclaimer. Except for the limited warranty set forth herein, THE SOFTWARE IS PROVIDED "AS IS" AND MCAFEE MAKES NO WARRANTY AS TO ITS USE OR PERFORMANCE. EXCEPT FOR ANY WARRANTY, CONDITION, REPRESENTATION OR TERM THE EXTENT TO WHICH CANNOT BE EXCLUDED OR LIMITED BY APPLICABLE LAW. MCAFEE, ITS SUPPLIERS AND AUTHORIZED PARTNERS MAKE NO WARRANTY, CONDITION, REPRESENTATION, OR TERM (EXPRESS OR IMPLIED, WHETHER BY STATUTE, COMMON LAW, CUSTOM, USAGE OR OTHERWISE) AS TO ANY MATTER INCLUDING, WITHOUT LIMITATION, NONINFRINGEMENT OF THIRD PARTY RIGHTS, MERCHANTABILITY, SATISFACTORY QUALITY, INTEGRATION, OR FITNESS FOR A

PARTICULAR PURPOSE. YOU ASSUME RESPONSIBILITY FOR SELECTING THE SOFTWARE TO ACHIEVE YOUR INTENDED RESULTS, AND FOR THE INSTALLATION OF, USE OF, AND RESULTS OBTAINED FROM THE SOFTWARE. WITHOUT LIMITING THE FOREGOING PROVISIONS, MCAFEE MAKES NO WARRANTY THAT THE SOFTWARE WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR THAT THE SOFTWARE WILL MEET YOUR REQUIREMENTS.

10. Limitation of Liability. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER IN TORT, CONTRACT, OR OTHERWISE, SHALL MCAFEE OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE TO YOU OR TO ANY OTHER PERSON FOR LOSS OF PROFITS, LOSS OF GOODWILL OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OR DAMAGES FOR GROSS NEGLIGENCE OF ANY CHARACTER INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR FOR ANY OTHER DAMAGE OR LOSS. IN NO EVENT SHALL MCAFEE OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE FOR ANY DAMAGE IN EXCESS OF THE PRICE PAID FOR THE SOFTWARE, IF ANY, EVEN IF MCAFEE OR ITS AUTHORIZED PARTNERS OR SUPPLIERS SHALL HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. This limitation shall not apply to liability for death or personal injury to the extent that applicable law prohibits such limitation. Furthermore, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this limitation and exclusion may not apply to you. Nothing contained in this Agreement limits McAfee's liability to you for McAfee's negligence or for the tort of fraud. McAfee is acting on behalf of its suppliers and Authorized Partners for the purpose of disclaiming, excluding and/or limiting obligations, warranties and liability as provided in this Agreement, but in no other respects and for no other purpose. The foregoing provisions shall be enforceable to the maximum extent permitted by applicable law.

11. Notice to United States Government End Users. The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement.

12. Export Controls. You acknowledge that the Software is subject to the export control laws and regulations of the United States of America ("US"), and any amendments thereof. You shall not export or re-export the Software, directly or indirectly, to (i) any countries that are subject to US export restrictions (currently including, but not necessarily limited to, Cuba, Iran, Libya, North Korea, Sudan, and Syria); (ii) any end user known, or having reason to be known, will utilize them in the design, development or production of nuclear, chemical or biological weapons; or (iii) any end user who has been prohibited from participating in the US export transactions by any federal agency of the US government. You further acknowledge that Software may include technical data subject to export and re-export restrictions imposed by US law.

13. High Risk Activities. The Software is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the Software could lead directly to death, personal injury, or severe physical or property damage (collectively, "High Risk Activities"). MCAFEE EXPRESSLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES.

14. Governing Law. This Agreement will be governed by and construed in accordance with the substantive laws in force: (a) in the State of California, if you purchased the Software in the United States, Mexico, Central America, South America, or the Caribbean; (b) in the Republic of Ireland, if you purchased the Software in Canada, Europe, Middle East, Africa, Asia, or the region commonly referred to as the Pacific Rim; and (c) in Japan if you purchased the Software in Japan. If you purchased the Software in any other country, then the substantive laws of the Republic of Ireland shall apply, unless another local law is required to be applied. This Agreement will not be governed by the conflict of laws rules of any jurisdiction or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. The United States District Court for the Northern District of California, and the Superior Court of Santa Clara County, California, when California law applies, the courts of the Republic of Ireland, when the law of Ireland applies, the courts of Brazil when Brazilian law applies, the courts of Japan when Japanese law applies, and the courts of China when Chinese law applies, shall each have non-exclusive jurisdiction over all disputes relating to this Agreement.

15. Free Software. This product includes or may include some software programs that are licensed (or sublicensed) to the user under the GNU General Public License (GPL) or other similar software licenses which, among other rights, permit the user to copy, modify and redistribute certain programs, or portions thereof, and have access to the source code. The GPL requires that for any software covered under the GPL, which is distributed to someone in an executable binary format that the source code also be made available to those users. For any such software, the source code is made available in a designated directory created by

installation of the Software or designated internet page. If any Free Software licenses require that McAfee provide rights to use, copy or modify a software program that are broader than the rights granted in this agreement, then such rights shall take precedence over the rights and restrictions herein.

16. Privacy. By entering into this Agreement, you agree that McAfee may collect, retain and use your personal information, including your name, address, e-mail address, and payment details. Your personal information will be used primarily to provide services and product functionality to you. McAfee may also use your personal information for additional communication with you, subject to your decision not to accept such communications from McAfee and subject to applicable laws. McAfee engages other companies and individuals ("subcontractors") to perform functions on its behalf, such as payment processing, order fulfillment, marketing programs and customer service. McAfee may share your information with such subcontractors in order to perform these and other functions, but such subcontractors may not use your personal information for other purposes, unless you agree. By entering into this Agreement, you agree to the transfer of your personal information to McAfee offices in the United States, for the purposes stated above. For more detailed information on the collection, use and transfer of your personal information, and for information on how to opt out of or unsubscribe from the communications described above, please read the McAfee privacy policy on the McAfee web site (www.McAfee.com).

17. Audit for Volume Licenses. McAfee reserves the right to periodically audit you to ensure that you are not using any Software in violation of this Agreement. During standard business hours and upon prior written notice, McAfee may visit you and you will make available to McAfee or its representatives any records pertaining to the Software. The cost of any requested audit will be solely borne by McAfee, unless such audit discloses an underpayment or amount due to McAfee in excess of five percent (5%) of the initial license fee for the Software or you are using the Software in an unauthorized manner, in which case you shall pay for the cost of the audit in addition to any underpaid amounts due McAfee.

18. Miscellaneous. This Agreement sets forth all rights for the user of the Software and is the entire Agreement between the parties. This Agreement supersedes any other communications, representations or advertising relating to the Software and Documentation. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of McAfee. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by McAfee. If any provision of this Agreement is held invalid, the remainder of this Agreement shall continue in full force and effect.

19. McAfee Customer Contact. If you have any questions concerning these terms and conditions, or if you would like to contact McAfee for any other reason, please call (408) 992-8599 or (866) 622-3911, FAX to (972) 963-7001, or write: McAfee, Inc., Attention: Customer Service, 5000 Headquarters Drive, Plano, TX 75024, or e-mail to <http://www.mcafeehelp.com>. Alternatively, you may contact your local McAfee entity at the number listed at <http://www.McAfee.com>.

VI. SCHEDULE OF PRODUCTS OFFERED

MCAFFEE TOTAL PROTECTION SOLUTIONS

- TEA MCAFFEE TOTAL PROTECTION FOR ENDPOINT ADVANCED**
 (Formerly Total Protection for Enterprise Advanced) LICENSE: Per Node. DELIVERABLE: Download or Stockable Media Kit. PRODUCT CONTENT: Desktops: VirusScan Enterprise, VirusScan Command Line for DOS & Unix, Anti-Spyware Enterprise, Host Intrusion Prevention for Desktops. Servers: VirusScan Enterprise, NetShield for NetWare, SiteAdvisor Enterprise Plus. Groupware: Security for Microsoft Exchange with Anti-Spam/Security for Lotus Domino with Anti-Spam. Gateways: Email Anti-virus. Management: ePolicy Orchestrator. Compliance: Network Access Control, Policy Auditor for Desktop. Designed for medium to large companies that require comprehensive endpoint protection, policy compliance and network access control.

MCAFFEE SERVER OFFERINGS

SERVER SOFTWARE OFFERINGS

TEV MCAFFEE TOTAL PROTECTION FOR VIRTUALIZATION

LICENSE: Per Server. DELIVERABLE: Download Only. PRODUCT CONTENT: Servers: VirusScan Enterprise, Linux-Shield Server, VirusScan Enterprise for Offline Virtual Images, Anti-Spyware Enterprise, Host Intrusion Prevention for Server. Management: McAfee ePolicy Orchestrator. Designed for medium to large companies that require comprehensive virtualized server protection. This suite is licensed per physical server host or per Hypervisor, where a "Hypervisor" means a virtualization platform that allows and supports multiple Virtual Machines to run on a shared physical host computer at the same time. A "Virtual Machine" operating under the Hypervisor provides a complete system platform which supports the execution of a complete operating system. The ToPS for Virtualization suite, and any or all components within that suite, can be deployed on any or all Virtual Machines residing on the host computer in which the Hypervisor is licensed. FCS date: 10/24/2008.

10 GBPS OPTICAL MULTI-MODE FAIL-OPEN KIT - 62.5 MICRON

PRICING: Per Unit PRODUCT CONTENT: includes items necessary to support 10 gigabit Fail-Open for McAfee Network Security M-8000 and M-6050. Kit includes, 62.5 Micron Multimode 10 gigabit fail-open module, and rack-mounting hardware. The Fail-Open kit contains two (2) 62.5 micron, 3 meter LC-to-LC cables. Customers / partners should provide the appropriate infrastructure to connect the Fail-Open kit to the network infrastructure (i.e. the network switch). Please note that the interface to the Fail-Open kit uses LC-type plug connectors.

10 GBPS OPTICAL SINGLE-MODE FAIL-OPEN KIT

PRICING: Per Unit PRODUCT CONTENT: includes items necessary to support optical 10 gigabit Fail-Open for McAfee Network Security M-8000 and M-6050. Kit includes 10 Gbps single-mode optical gigabit fail-open module, and rack-mounting hardware. A single kit provides necessary components to support fail-open for one single-mode fiber network link (which utilizes two GBIC ports on the sensor). Contains two (2) 8 micron, 3 meter LC-to-LC cables. Customers / partners should provide the appropriate cables to connect the Fail-Open kit to the network infrastructure (i.e. the network switch). Please note that the interface to the Fail-Open kit uses LC-type plug connectors. If customer requires fail-open on more than one link, additional kits should be ordered.

MCAFFEE NETWORK SECURITY MANAGER RELEASE 1.8

This is a \$0 TOKEN SKU for specifying product software release. Presence of this SKU will result in shipping both sensor and manager products with release 2.1. One of the two released SKUs must be selected in a PO to specify software release. Only one such SKU per PO required. ALL products in the PO shipped at SAME release. Orders that will come through without a token or with more than one token SKU will be shipped with the older version of the SW, not the latest one.

COPPER GIGABIT FAIL-OPEN KIT

PRICING: Per Unit. DELIVERABLE: Hardware. PRODUCT CONTENT: includes items necessary to support gigabit copper fail-open for McAfee Network Security 2600, 2700, 3000, 4000 or 4010, M-6050, or M-8000 GBIC and mini-GBIC (SFP) ports. Kit includes: Gigabit copper fail-open switch, Rack-mounting hardware, Four 3-meter RJ45 - RJ45 cables for connecting the switch to the peer network device and to the sensor, One 3-meter RJ45 - RJ11 cable for connecting the Bypass Switch to a built-in sensor Fail-Open Control Port (I-3000 and I-4010 sensors only). This optional accessory kit is required to support fail-open capability on GBIC and mini-GBIC (SFP) ports of the Network Security sensors listed above. A single kit provides necessary components to support fail-open for single gigabit copper network link (which utilizes two GBIC or mini-GBIC (SFP) ports on the appliance). If customer requires fail-open on more than one link, additional FO kits should be ordered.

SINGLE-MODE OPTICAL GIGABIT FAIL-OPEN KIT

PRICING: Per Unit. DELIVERABLE: Hardware. PRODUCT CONTENT: includes items necessary to support optical gigabit fail-open for McAfee Network Security 2600, 2700, 3000, 4000, 4010, M-6050, or M-8000 GBIC ports. Kit includes Single-mode optical gigabit fail-open module and rack-mounting hardware. This optional accessory kit is required to support fail-open capability on GBIC ports of Network Security sensors. A single kit provides necessary components to support fail-open for single single-mode fiber network link (which utilizes two GBIC ports on the sensor). If customer requires fail-open on more than one link, additional kits should be ordered. NOTE: Supports all Network Security sensor models.

MULTI-MODE OPTICAL GIGABIT FAIL-OPEN KIT

PRICING: Per Unit. DELIVERABLE: Hardware. PRODUCT CONTENT: includes items necessary to support optical gigabit fail-open for McAfee Network Security 2600, 2700, 3000, 4000, 4010, M-6050, or M-8000 GBIC ports. Kit includes, Multimode optical gigabit fail-open module and rack-mounting hardware. The FailOpen kit contains two sets of cables to connect the Fail-Open kit to the Network Security sensors. These include two (2) SC-to-LC and two (2) LC-to-LC cables. Customers / partners should provide the appropriate cables to connect the Fail-Open kit to the network infrastructure (i.e. the network switch). Please note that the interface to the Fail-Open kit uses LC-type plug connectors.
